WEBDEV EDUCATION

Specialized courses and practical classes 10.2016 - NEVER STOP LEARNING!

W3schools, Coursera, Udemy, Codecademy, SoloLearn, Programminghub, YouTube

Dedicated to lifelong learning and staying at the forefront of the rapidly evolving tech landscape. I actively research and master the latest trends in UI/UX Design, Semantic Layout Structures, and Technical SEO to deliver high-performance web solutions.

I am particularly focused on the AI Revolution in Development, constantly exploring and integrating new tools and practices such as AI-driven workflows, Cursor MCPs, and Prompt Engineering to significantly accelerate delivery cycles and optimize code architecture. By regularly leveraging industry standard documentation (MDN, W3C, WordPress Codex) alongside specialized technical resources, I ensure that every project adheres to the highest standards of modern engineering and accessibility.
